§ 210.31 Literature. Detailed certificates of analysis are sent under separate cover to the same destination as the samples. In the case of new or renewed samples provisional typewritten certificates will be supplied until they can be replaced by the printed certificates and labeled when ready.

§ 210.32 Samples out of stock. The preparation of "renewal" samples is intended to be completed at the time each kind of sample becomes exhausted, but owing to delays encountered in obtaining a proper grade of material and for other reasons this is not always possible. If orders are received for samples that are out of stock, notice will be mailed to that effect. The "renewal" of an analyzed sample will have a composition more or less different from that of its predecessor but, as regards the characteristic constituent or constituents, will pattern after it closely.

§ 210.33 New samples. When new samples or renewals of old ones are is-

sued, announcement will be made in scientific and trade journals.

WALTER WAST

Walter Mast of 20039 Mack Avenue, Grosse Pointe Woods, Michigan, on or about June 17, 1946, without authorization from the National Housing Administration, began and carried on the construction of two single residential dwellings at 1193 and 1213 Lochmoor Boulevard, Grosse Pointe Woods, Michigan. The beginning and carrying on of construction of each of these dwellings at an estimated cost in excess of \$400 constituted a violation of Veterans' Housing Program Order No. 1. These violations have diverted critical materials to uses not authorized by the Civilian Production Administration. In view of the foregoing, it is hereby ordered that:

§ 1010.1033 Suspension Order No. S-1033. (a) Neither Walter Mast, his successors or assigns, nor any other person shall do any further construction on the premises located at 1193 and 1213 Lochmoor Boulevard, Grosse Pointe Woods, Michigan, including putting up, completing or altering the structure, unless hereafter authorized in writing by the Civilian Production Administration.

(b) Walter Mast shall refer to this order in any application or appeal which he may file with the Civilian Production Administration or the Federal Housing Administration for priorities assistance.

(c) Nothing contained in this order

(c) Nothing contained in this order shall be deemed to relieve Walter Mast, his successors and assigns, from any restriction, prohibition or provision contained in any other order or regulation of the Civilian Production Administration, except insofar as the same may be inconsistent with the provisions hereof.

SHAMBALLA ASHRAMA, INC.

Shamballa Ashrama, Inc., is a corporation organized for religious, educational, and benevolent purposes with its principal office in Denver, Colorado. It is engaged in developing a tract of ground 10 miles southwest of Sedalia, Colorado, into a retreat for members of the Brotherhood of White Temple, Inc., another corporation with which it is affiliated. On or about June 1, 1946, it began the construction on the above site of a two-story building 30 feet by 100 feet which will be used principally as an assembly and administration building and dining hall. The floor area of the building to be used for other purposes is less than ten percent of the total floor area and the amount that could be spent on such building without authori-

zation from Civilian Production Administration was \$1,000. The building was estimated to cost and will cost in excess of \$1,000 and construction was begun and carried on without authorization from the Civilian Production Administration. Shamballa Ashrama, Inc., was familiar with the provisions of Veterans' Housing Program Order No. 1 and the beginning and carrying on of such unauthorized construction constituted a violation of Veterans' Housing Program Order No. 1, which has diverted scarce materials to uses not authorized by the Civilian Production Administration. In view of the foregoing, it is hereby ordered that:

§ 1010.1022 Suspension Order S-1022.

(a) Neither Shamballa Ashrama, Inc., its successors or assigns, nor any other person, shall do any further construction on the assembly and administration building and dining hall located on the tract owned by Shamballa Ashrama, Inc., 10 miles southwest of Sedalia, Colorado, including putting up, completing, or altering the structure, unless hereafter authorized in writing by the Civilian Production Administration.

(b) Shamballa Ashrama, Inc., shall refer to this order in any application or appeal which it may file with the Civilian Production Administration relating to the above mentioned structure.

(c) Nothing contained in this order shall be deemed to relieve Shamballa Ashrama, Inc., its successors and assigns, from any restriction, prohibition or provision contained in any other order or regulation of the Civilian Production Administration except insofar as the same may be inconsistent with the provisions hereof.

(d) The restrictions and prohibitions contained herein shall apply to Shamballa Ashrama, Inc., a corporation, its successors and assigns, and persons acting in its behalf. Prohibition against the taking of any action include the taking indirectly as well as directly of any such action.

PART 1499—COMMODITIES AND SERVICES |2d Rev. SR 14, Amdt. 46|

CARBONATED AND MALT BEVERAGE WARE

A statement of considerations accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Second Revised Supplementary Regulation No. 14 is amended in the following respect:

A new section 5.7 is added to read as follows:

SEC. 5.7 Maximum prices for sales of carbonated and malt beverage ware. (a) Maximum prices for all sales of carbonated and malt beverage ware made by

glass container manufacturers prior to November 10, 1946 under Adjustable Pricing Order No. 5221 under Maximum Price Regulation 188, effective October 15, 1946, may be increased by an amount not in excess of 10 percent.

(b) The manufacturer may round off to the nearest five cents per gross the adjusted prices resulting from the increase permitted manufacturers pur-

suant to (a) above.

(c) The maximum prices established herein shall be subject to the same cash, quantity, and other discounts, transportation allowances and other terms and conditions of sale as the seller extended or rendered on comparable sales to purchasers of the same class during March 1942.

This amendment shall become effectivetive as of November 9, 1946.

Issued this 3d day of December 1946.

PAUL A. PORTER, Administrator.

Statement of Considerations Accompanying Amendment No. 46 to 2d Rev. Supplementary Regulation 14 to the General Maximum Price Regulation

Order 5221 under Maximum Price Regulation 188, effective October 15, 1946, permitted manufacturers of "carbonated beverage ware" and "malt beverage ware" to sell these items under adjustable pricing until such time as the Office of Price Administration took final action with respect to applications filed by them for an increase in the maximum prices for these items. On October 25, 1946, these commodities became subject to the General Maximum Price Regulation, and accordingly, the adjustment was processed under Supplementary Regulation 14 to that regulation.

On the basis of the data before this Office, it appears that an adjustment of 10 percent in the manufacturer's maximum prices for "carbonated beverage ware" and "malt beverage ware" would have been appropriate under the Administrator's standards prior to the President's decontrol statement of November 9, 1946 and the issuance of Supplementary Order 193

Accordingly, this Amendment effectuates the increase indicated above, which applies to all sales by manufacturers of these commodities prior to November 10, 1946, in accordance with Adjustable Pricing Order 5221.

Chapter XXIII—War Assets Administration

[Reg. 1,1 Order 11]

PART 8301—DESIGNATION OF DISPOSAL AGENCIES AND PROCEDURES FOR REPORTING SURPLUS PROPERTY LOCATED WITHIN THE CONTINENTAL UNITED STATES, ITS TERRITORIES AND POSSESSIONS

POSTPONEMENT OF RESPONSIBILITY OF DIS-POSAL AGENCIES FOR CARE AND HANDLING OF SURPLUS PERSONAL PROPERTY

Surplus Property Board Revised Special Order 3, August 31, 1945 entitled

111 F. R. 7970, 10221, 13969.

"Postponement of Responsibility of Disposal Agencies for Care and Handling of Surplus Personal Property" (10 F. R. 11413) is hereby redesignated as War Assets Administration Regulation 1, Order 11, and is hereby revised and amended as herein set forth.

The disposal agencies designated by the War Assets Administrator pursuant to the provisions of this part are not under existing circumstances fully prepared to undertake the care and handling of the surplus property assigned to them. Section 11 (d) of the Surplus Property Act of 1944 provides that under such circumstances the Administrator may postpone the responsibility of any disposal agency to assume its duty of care and handling for such period as the Administrator deems necessary. The policy of the Administrator is to make full utilization of existing facilities for the care and handling of surplus property and of the personnel now engaged in that activity, and to avoid unnecessary acquisition of additional storage facilities as well as to avoid unnecessary shipment of such merchandise from one point to another.

Pursuant to the authority of the Surplus Property Act of 1944, as amended (58 Stat. 765, as amended; 50 U. S. C. App. Sup. 1611); Public Law 181, 79th Congress (59 Stat. 533; 50 U. S. C. App. Sup. 1614a, 1614b); and Executive Order 9689 (11 F. R. 1265), it is hereby ordered,

§ 8301.61 Postponement of responsibility of disposal agencies for care and handling of surplus personal property.

(a) With the exception of surplus contractor inventory requiring movement to permit reconversion, owning agencies shall continue to be responsible for care and handling of surplus property in their possession and for such other surplus property as may come into their possession.

(b) Shipments to or for disposal agencies by owning agencies shall be made only as and when directed by disposal agencies.

posal agencies.

(c) As to contractor inventory which must be moved to permit reconversion, disposal agencies shall be responsible for care and handling to the extent that facilities permit, and may continue to acquire needed additional space. Construction of any additional facilities shall be subject to approval by the Administrator.

(d) Owning agencies shall assist disposal agencies in every possible way to utilize existing space and equipment now owned or controlled by such owning agencies, to the extent necessary to permit quick and orderly plant clearance. Owning agencies shall prepare and maintain such records as will show full compliance with the provisions of this section and with the applicable provisions of the Surplus Property Act. Reports shall be prepared and filed with the disposal agencies in such manner as may be specified by the Administrator and approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(e) Disposal agencies shall maintain continuing liaison with each other and with the owning agencies in order to make maximum use of storage space available and to confine shipments of merchandise from one point to another for storage purposes to the minimum consistent with the proper disposal of the property.

This order shall become effective December 6, 1946.

Administrator.

Issued this 14th day of August 1946.

JOHN D. JAMESON, District Director.

Opinion Accompanying Amendment 3 to Order G-3 Under General Order 68

The accompanying Amendment No. 3 to Region I Order No. G-3, issued by the District Director for New Hampshire under Amendment 11 to Second Revised Order of Delegation issued and effective June 25, 1946, permits certain increases in the maximum dollar and cent prices fixed by this order for the following items: Finishing Lime, Metal Lath 2.5 Painted Diamond Mesh, Metal Lath 2.75 Flat Rib Painted, Metal Lath Corner Bead Expanded Type, Portland Cement (Paper), Mason's Hydrated Lime, Asphalt Roofing 90# Mineral Surface, Asphalt or Tarred Felt 15#, Asphalt or Tarred Felt 30#, Asphalt Shingles 210# (3-in-1) Thick Butt, Asphalt Shingles 165# 2 Tab Hexagon, Fiber and Insulation Board ½" Std. Lath and Board, Fiber Insulation Board 25/32" Asphalt Sheathing, and Asbestos

Cement Siding 12", 24", or 27". These increases reflect average increases in acquisition costs to hard building materials retailers, arising from industry-wide increases granted to manufacturers since March 31, 1946. The Price Control Extension Act of 1946 requires that all instances of dollars and cents pass-throughs since March 31, 1946, be corrected by August 24, 1946, to reflect percentage passthroughs.

Since the prices fixed by Order No. G-3 were determined to be generally fair and equitable and in line with the general level of retail prices prevailing in the areas concerned, it is deemed proper under the established criteria to add to the maximum prices fixed by that order the percentage by which the cost to hard building materials retailers in general has been increased. Accordingly, the amended prices reflect the pass-through of the full amount of the permitted increases at the manufacturer's level.

On August 8, 1946, there was issued and made effective Supplementary Order 172. This supplementary order granted to hard building materials retailers certain percentage pass-through increases to compensate for price increases granted at the manufacturing level. This supplementary order action was temporary in nature until such time as area orders could be amended. Therefore, the accompanying Amendment No. 3 to Region I Order No. G-3 supersedes Supplementary Order 172 to the extent that this supplementary order has been effective in the State of New Hampshire. The maximum prices fixed by this Amendment 3 to Region I Order No. G-3 are generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended, the Stabilization Act of 1942, as amended, General Order 68, and Executive Orders 9250, 9328, 9599, 9651, and 9697.

NOTICE OF FILING AND ORDER FOR HEARING
At a regular session of the Securities

and Exchange Commission held at its office in the City of Philadelphia, Pa. on the 25th day of November A. D. 1946.

In the matter of the Commonwealth & Southern Corporation (Delaware), Respondent, File No. 59–20; the Common-

wealth & Southern Corporation (Delaware), and its subsidiary companies, Respondents, File No. 59-8; the Commonwealth & Southern Corporation (Delaware), File No. 54-75; the Commonwealth & Southern Corporation (Delaware), the Southern Company, File No. 54-152.

The Commonwealth & Southern Corporation ("Commonwealth"), a registered holding company, on March 25, 1946 filed a "Plan for Compliance with sections 11 (b) (1) and 11 (b) (2) of the Public Utility Holding Company Act of 1935." Such plan was filed pursuant to an opportunity afforded by the Commission, by Memorandum Opinion dated January 24, 1946, for the filing of a plan for compliance with the Commission's recapitalization order of April 9, 1942 based upon the principle of retiring the preferred stock of Commonwealth through the sale or other disposition of assets. The plan filed on March 25, 1946 contemplates the liquidation and dissolution of Commonwealth and the distribution of its assets among the holders of its preferred stock and common stock as liquidating dividends or in exchange for their stocks as provided therein.

Commonwealth having submitted in connection with such plan an outline of

various transactions proposed to be carried out by Commonwealth and certain of its subsidiary companies as part of a general program, which transactions are not, however, included in the plan; in such general program Commonwealth having proposed to organize a new company to be known as "The Southern Company" to which the common stocks of Commonwealth's southern operating subsidiaries would be transferred; and such company having been incorporated under the laws of Delaware:

Notice is hereby given that The Southern Company ("Southern") and Commonwealth have jointly filed an application for approval of a plan under section 11 (e) of the act for partial compliance with the provisions of section 11 (b) of the act.

Applicants have designated sections 5 (a), 6 (a), 7, 9 (a), 10, 11 (e), 12 (d) and 12 (f) of the act and Rules U-43, U-44 and U-50 thereunder as applicable to the transactions proposed in such plan.

All interested persons are referred to said application which is on file in the office of this Commission for a full statement of the transactions therein proposed, which are summarized as follows:

1. Commonwealth proposes to transfer to Southern \$3,000,000 in cash and all of Commonwealth's interests in the following southern subsidiary companies: Alabama Power Company, Georgia Power Company, Gulf Power Company, Mississippi Power Company, South Carolina Power Company and Savannah River Electric Company. Such interests include (a) all of the outstanding common stocks of such companies except 12 directors' qualifying shares of South Carolina Power Company, (b) options to purchase such directors' qualifying shares, and (c) demand notes of Savannah River Electric Company payable in the amount of \$1,450,034.30 as at September 30, 1946.

2. In exchange therefor, Southern, which has an authorized capitalization of 15,000,000 shares of common stock with a par value of \$5 per share, proposes to issue and deliver to Common wealth 10,000,000 of such shares including the 200 shares issued in connection with the organization of Southern, and not more than \$25,000,000 principal amount of debentures or serial notes, having a final maturity not later than 15 years after the date thereof.

3. Southern proposes to register as a holding company under the act prior to or concurrently with its acquisition of Commonwealth's interests in the above-stated southern subsidiary companies.

4. Southern further proposes to issue and sell to the public, for the best price obtainable, such number of additional shares of its common stock as will produce net cash proceeds to Southern, after the payment of underwriting discounts or commissions, in the amount of \$13,500,000. Southern proposes to invest the proceeds from such sale in the common stocks of such of its subsidiary companies as may be determined in supplemental proceedings before the Commission.

Commonwealth requests that the Commission find the aforesaid plan, as submitted or as modified, necessary to effec-

tuate the provisions of section 11 (b) and fair and equitable to the persons affected thereby, and also requests that the Commission's order approving the plan contain the recitals required by sections 371 (f) and 1803 (f) of the Internal Revenue Code. Commonwealth further asks that the Commission apply to an appropriate United States District Court to enforce and carry out the terms and provisions of the plan.

The Commission being required by the provisions of section 11 (e) of the act before approving any plan thereunder to find, after notice and opportunity for hearing, that the plan as submitted or as modified is necessary to effectuate the provisions of subsection (b) of section 11 and is fair and equitable to the persons affected thereby; and it appearing appropriate to the Commission that notice be given and a hearing be held on the plan filed by Commonwealth to afford all interested persons an opportunity to

be heard with respect thereto; and
The Commission having instituted proceedings under sections 11 (b) (1) and
11 (b) (2) of the act involving Commonwealth and its subsidiary companies (File
Nos. 59-8 and 59-20 respectively), and
the Commission by order dated April 9,
1942 under section 11 (b) (2) having
directed Commonwealth to change its
capitalization to one class of stock,
namely, common stock; and said proceedings under sections 11 (b) (1) and
11 (b) (2) having been consolidated with
proceedings with respect to plans filed
by Commonwealth pursuant to section
11 (e) of the act (File No. 54-75); and

It further appearing to the Commission that the proceedings with respect to the instant plan are related to and involve common questions of law and fact with the issues in the proceedings designated by File Nos. 59–8, 59–20 and 54–75 and should be consolidated therewith for consideration by the Commission:

consideration by the Commission:

It is ordered, That the proceedings with respect to the instant application and the consolidated proceedings under File Nos. 59-8, 59-20 and 54-75 be, and they hereby are, consolidated and that evidence adduced in proceedings designated by such file numbers shall be in-corporated in, and be deemed to be part of, the record in the consolidated proceedings herein, without prejudice, however, to the Commission's right, upon its own motion or the motion of any interested party, to strike such portions of the record in the proceedings designated by such file numbers as may be deemed irrelevant to the issues raised with respect to the instant application. The Commission reserves the right to separate, whether for hearing, in whole or in part, or for disposition, in whole or in part, any of the matters and questions hereinafter set forth or which may arise in this proceeding or to take such other action as may appear conducive to an orderly, prompt and economical disposition of the matters involved.

It is further ordered, That a hearing in these consolidated proceedings, pursuant to applicable provisions of the act and the rules and regulations thereunder, be held on January 15, 1947, at 11:00

a. m., e. s. t., at the offices of this Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On such date the hearing room clerk in Room 318 will advise as to the room in which such hearing shall be held.

It is further ordered, That Richard Townsend or any other officer or officers of this Commission designated by it for that purpose, shall preside at such hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a hearing officer under the Commission's rules of practice.

The Public Utilities Division of the Commission having advised the Commission that it has made a preliminary examination of the application and that, upon the basis, thereof, the following matters and questions are presented for consideration without prejudice to its specifying additional matters and questions upon further examination:

1. Whether the plan as submitted or as modified is necessary to effectuate the provisions of section 11 (b) of the act, is fair and equitable to the person affected thereby, and is an appropriate step in compliance with the Commission's order of April 9, 1942.

2. Whether the proposed transfer by Commonwealth to Southern of Commonwealth's interests in its southern subsidiary companies meets the applicable provisions of sections 12 (d) and 12 (f) of the act and Rules U-43 and U-44 thereunder.

3. Whether the proposed acquisition by Southern from Commonwealth of Commonwealth's interests in its southern subsidiary companies meets the requirements of sections 9 (a), 10 and 12 (f) of the act.

4. Whether the proposed issuance and delivery by Southern to Commonwealth of common stock and debentures or serial notes of Southern meet the applicable provisions of sections 6 (a), 7 and 12 (f) of the act and Rule U-43 thereunder.

5. Whether the proposed acquisition by Commonwealth of common stock and debentures or serial notes of Southern meets the requirements of sections 9 (a), 10 and 12 (f) of the act.

6. Whether the proposed acquisition by Southern from Commonwealth of Commonwealth's interests in its southern subsidiary companies, and the proposed acquisition by Commonwealth of common stock and debentures or serial notes of Southern (a) will unduly complicate the Commonwealth holding company system, (b) will be detrimental to the carrying out of the provisions of section 11 and (c) will serve the public interest by tending towards the economical and efficient development of an integrated public utility system.

7. Whether by orders, or as terms and conditions to be imposed, Commonwealth should be required, within a reasonable time, to divest itself of all interests proposed to be acquired in Southern, and Southern should be required, within a reasonable time, to divest itself of any interests proposed to be acquired from Commonwealth, which are not retain-

able under the standards of sections 2
(a) (29) and 11 (b) (1) of the act.

8. Whether the proposed debentures or serial notes of Southern are reasonably adapted to its earning power and to the security structure of Southern and other companies in the Commonwealth holding company system, and are in conformity with the Commission's order of April 9, 1942.

9. Whether the proposed issuance and sale by Southern of additional shares of its common stock meet the applicable provisions of sections 6 (a) and 7 of the act and Rule U-50 thereunder.

10. Whether the proposed investment by Southern, of the proceeds from the issuance and sale of the additional shares of its common stock, in the common stocks of its subsidiary companies through the purchase of additional shares of such common stocks meets the requirements of section 9 (a), 10 and 12 (f) of the act.

11. Whether the proposed issue and sale by subsidiary companies to Southern of additional shares of common stock meets the applicable standards of sections 6 (a), 7 and 12 (f) of the act.

12. Whether the fees, commissions, or other remunerations to be paid in connection with the proposed transactions are reasonable.

13. Whether the proposed accounting treatment of the proposed transactions is proper, is in conformity with sound accounting principles, and complies with the applicable provisions of the Uniform System of Accounts for Public Utility Holding Companies.

14. What terms and conditions, if any, with respect to the proposed transactions should be prescribed in the public interest or for the protection of investors and consumers.

It is further ordered, That particular attention be directed at said hearing to the foregoing matters and questions.

It is further ordered, That any person desiring to be heard in connection with this proceeding or proposing to intervene herein shall file with the Secretary of the Commission on or before January 13, 1947, his request or application therefor as provided by Rule XVII of the rules of practice of the Commission.

It is further ordered, That notice of said hearing be given to Commonwealth, Southern, all other participants in these consolidated proceedings and to all other persons; said notice to be given to Commonwealth, Southern, all other participants in these consolidated proceedings, the Federal Power Commission and the Public Service Commissions of Alabama, Georgia and South Carolina by registered mail and to all other persons by general release of this Commission which shall be distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935 and by publication in the FEDERAL REGISTER.

KEYSTONE CUSTODIAN FUNDS, INC., ET AL. NOTICE OF APPLICATION, STATEMENT OF ISSUES AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 27th day of November A. D. 1946.

In the matter of Keystone Custodian Funds, Inc., The Keystone Company of Boston and Keystone Custodian Funds, Series B-1, B-2, B-3, B-4, K-1, K-2, S-1, S-2, S-3, and S-4, File No. 812-459.

Notice is hereby given that Keystone Custodian Funds, Inc. ("Keystone") and The Keystone Company of Boston ("Boston") have applied under sections 6 (c) and 11 (a) of the Investment Company Act of 1940 ("the Act") for an order exempting certain proposed transactions from the provisions of section 11 (a) of the act or, in the alternative, for approval of the terms of such transactions.

Keystone is the trustee under ten substantially identical Trust Agreements for the Keystone Custodian Fund, Series B-1, B-2, B-3, B-4, K-1, K-2, S-1, S-2, S-3, and S-4. Each of such Funds maintains its investments in securities of particular type and is separately registered under the act as a diversified, open-end, management company. Boston is the principal underwriter for each

of the ten Funds. The applicants wish to afford to the shareholders of any one Fund the opportunity to reinvest the proceeds from liquidation of all or part of their interests in such Fund in the shares of any other Fund upon payment of a sales load of approximately 4.65% of the "net market value" of such shares (4.15% of the sales price) except that reinvestment in the shares of Series B-1 Fund would be subject to a sales load of approximately 2.325% (2.075% of the sales prices). The applicants assert that, by reason of changes in the general market level or in the requirements of individual investors, it may become appropriate for a particular investor to reallocate a part or all of his investment in one Fund to another Fund with different portfolio characteristics and that it would be desirable to permit investors to make such reinvestments at one-half of the regular initial loading charge. It is also asserted that the relief sought is intended to enable investors to effect, at the reduced load, exchange transactions involving various Keystone funds which may be necessary or appropriate in connection with the adoption of a so-called Formula Plan of investing which Keystone and Boston are now presenting, through dealers and their salesmen, to investors

For a more detailed statement of the matters of fact and law asserted interested persons are referred to said application which is on file in the offices of the Commission in Philadelphia, Pennsylvania.

in the several Funds.

The Corporation Finance Division has advised the Commission that, upon a preliminary examination of the application, it deems the following issues to be raised thereby without prejudice to the specification of additional issues upon further examination.

(1) Whether and the extent to which an order of the Commission permitting the proposed transactions on a basis other than the relative net asset values of the respective securities involved is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the act;

(2) Whether the sales load proposed to be charged in connection with such reinvestments bears a reasonable relation to the current net asset value of the securities to be offered and to the costs and expenses of effecting such transac-

(3) Whether and the extent to which any order of the Commission shall be limited or conditioned to prevent excessive "switching" from one Fund to another and otherwise for the protection of investors.

It appearing to the Commission that a hearing upon the application is necessary and appropriate,

It is ordered, Pursuant to section 40 (a) of said act, that a public hearing on the aforesaid application be held on the 11th day of December, 1946, at 10:00 a. m., eastern standard time, in Room 318 of the offices of the Securities and Exchange Commission, 18th and Locust

Streets, Philadelphia, Pennsylvania. It is further ordered, That Richard Townsend, or any officer or officers of the Commission designated by it for that purpose shall preside at the hearing and any officer or officers so designated to preside at any such hearing is hereby authorized to exercise all of the powers granted to the Commission under sections 41 and 42 (b) of the Investment Company Act of 1940 and to hearing officers under the Commission's rules of practice, as amended.

Notice of such hearing is given to Keystone Custodian Funds, Inc. and The Keystone Company of Boston and to any person or persons whose participation in such proceedings may be necessary or appropriate in the public interest or for the protection of investors. Persons desiring to be heard or otherwise wishing to participate in said proceeding should file with the Secretary of the Commission, on or before December 9, 1946, an application therefor in accordance with the provisions of Rule XVII of the rules of practice of the Commission, as amended, setting forth the matters or issues of law or fact mentioned above which he desires to controvert and any additional issues he deems raised by the aforesaid application.

OHIO POWER CO. AND CENTRAL OHIO COAL CO.

ORDER GRANTING APPLICATION AND PERMIT-TING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its

office in the City of Philadelphia, Pa., on the 27th day of November A. D. 1946.

Ohio Power Company ("Ohio Power"), a utility subsidiary of American Gas and Electric Company, a registered holding company subsidiary of Electric Bond and Share Company, a registered holding company, and Ohio Power's wholly-owned, non-utility subsidiary, Central Ohio Coal Company ("Coal Company"), having filed a joint application-declaration pursuant to sections 7 and 10 of the Public Utility Holding Company Act of 1935, with respect to the following transactions:

Coal Company was organized for the purpose of operating a strip-coal mine on land owned by Ohio Power and of buying coal for and selling coal to Ohio Power only, the price of coal sold to Ohio Power being so fixed as to allow Coal Company to realize a profit from operations which, when paid to Ohio Power in the form of dividends, allows the latter company to earn approximately 6% on its investment in Coal Company. It is now proposed that the operations of Coal Company be extended in like manner to additional lands owned by Ohio Power.

In order to provide the necessary funds for the additional operation of Coal Company, Ohio Power proposes to purchase not to exceed 12,500 shares of the \$100 par value capital stock of Coal Company at a price of \$100 per share, such shares to be purchased from Coal Company from time to time as funds are required prior to December 31, 1947. Of the funds

to be received by Coal Company, it is estimated that \$980,000 will be used for the purchase of additional mining equipment and \$270,000 will be retained for working capital.

The application-declaration having been filed November 5, 1946 and notice of said filing, as amended, having been given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to said application within the period specified in said notice or otherwise, and not having ordered a hearing thereon; and

Applicants-declarants having requested that the Commission's order granting the application and permitting the declaration to become effective be issued on or before November 22, 1946 and become effective forthwith in order to commence the new strip-coal operation as soon as possible; and the Commission deeming it appropriate to grant such request:

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of said act, and subject to the terms and conditions prescribed in Rule U-24, that said joint application-declaration be, and the same hereby is, granted and permitted to become effective forthwith.

By the Commission.
